

Making Money Work

Helping you on the journey into employment, education or training.

If you are going to study, get a job or start a course of training you may find that your personal finances will change. We can offer you a range of advice and information that will enable you to manage any changes effectively.

We can provide advice, support and information on:

- How it may affect your benefits or tax credits, including "better off" calculations
- Financial planning
- Help with banking issues, for example opening a bank account, dealing with bank charges
- Coping with changes in your financial situation and managing debts

The service we provide is free, confidential and we will act on your behalf.

We can also refer you to other agencies on matters relating to dealing with a multiple debt situation, rent arrears/eviction, representation at benefit appeals, legal advice, energy/fuel issues.
